NEWS IN FLASHES

The liner "President Wilson" brings His Imperial Highness Prince Akahito to San Fransisco. As the skip which brought him across the Pacific comes into dock, the heir to Japan's throne has his first taste of a typical American buffet lunch.

After a trans-American journey, the Prince will come to England to represent the Emperer at the Coronation.

Twonty-six Man Man suspects, each wearing an identification number board, are kept under guard before their trial for the recent Lari Massacre. 150 people were brutally done to death by the Man Man in one might and these man are believed to be the murderers. The Kenya Government has premised swift justice for any condemmed.

In Virginia, Naval guns and projectiles are tested in secret for fragmontation and velocity. Road barriers are dropped and the signal to fire is given.

These tests are designed to improve the accuracy and effectiveness of American wapons. Now a supersonic rockst is tested on a specially constructed railway.
