

MALAYAN CORONATION ADDRESSES

In Kuala Lumpur, illuminated addresses are prepared, expressing the loyalty of the people of Malaya and the Crown Settlements to Her Majesty the Queen. Ten craftsmen have taken three months to complete their task.

Now gold leaf is applied to the borders, which are of Mohammedan design. Four separate addresses, written in English and Jawi, have been prepared, each an example of Malayan craftsmanship and design at their very best. Similar addresses sent to King George the Sixth at his Coronation were acknowledged as being unequalled anywhere in the world.

In beautiful wooden caskets, made by boys of the Government Trade School, Malaya's loyal greetings will be sent to the Queen in time for her Coronation.
