PEOPLE IN THE NEWS:

Sir Winston and Lady Churchill are welcomed to London Airport, before the Prime Minister flies to Cap D'Ail, near Nice, for a few days holiday. Although Lady Churchill won't be with him, the Premier will be far from alone. His daughter Mary, and her husband Captain Scames, two secretaries, two detectives and a valet are going along as well.

Lady Churchill has said goodbye - and Sir Winston, who calls himself "Mr. Hyde" on the passenger list, is off to spend a few well-earned days in the sun.
