Was there anything unusual about the story? If you were assessing it editorially, what would you say?		

6-19-2201

PIRIE'S INTERVIEW.

PIRIE: "If everything were a hundred per cent, I think I could run a 4 minute mile."

QUES: "Do you think you will have a chance soon to race against Zatopek."

PIRIE: "Probably next August, in the European Championships in the five and ten thousand metres."

QUES: "Do you think you'll bet him?"

PIRIE: "Zatopek's running better than he's ever run. And I've a long way to go, before equaling his performance."

## GORDON PIRIE IN THE BLACK FOREST

Freiburg: Together with his German trainer Waldemar Gerschler  
Englands famous athlete Gordon Pirie is training daily in the  
stadium of Freiburg University.

The 22-years old London bank employee is holder of the world  
record over 6 miles. He is expected to be the Zatopek of to-morrow.  
His style, however, is obviously much more elaborate and elastic  
than that of the great Tsech runner. This is Gordon Pirie in slow  
motion. Every movement is soft and springy.

Up to now trainer Gerschler had only been able to mail his  
written instruction. Now trainer and trainee met for the first time  
and become close friends. Together they set up a training plan  
for the coming winter.

The well-known sports physician Prof. Reindell closely examined the  
young athletic ace. Pirie is on the track 3 hours every day - but  
his physique is splendid and can take all the hard work like play.  
The sports world will hear from him!

CZECHOSLOVAK FILM WEEKLY REVIEW NO 44 - ZATOPEK'S RECORD

The last round of the great 5 km race approaches.

The competition between Kováč - Zátopek - the main happenings of the International light athletic races on Strahev.

The wonderful Hungarian Kováč is 20 meters ahead of our Zátopek.

Any minute now must Zátopek put on his famous finish, of which we have heard such a lot from Helsinki and Bucuresti, otherwise it will be too late!

And it happened already!

Zátopek fights meter after meter.

How terribly quick he is.

So can run only Zátopek.

And now!

He is nearer Kováč already!

A few meters more.....four.... three.... two....one meter...and Emil is already ahead.

This has Prague not seen before.

No one so far in the whole world ~~could stand up this quickness~~ could stand up this quickness and look! Zátopek even outruns.

He is 30 meters ->... 40 meters.....50 meters ahead.

He already approaches the winning-post.

The last meters and hurra, hurray Zátopek/!!

Zátopek's winning time is 14 minutes 9 seconds.

Both, sportsmen Zátopek and Kováč leave satisfied with their result, greeted enthusiastically by 25.000 onlookers.

The wonderful fight has been the top of the International Light Athletic Races, which thanks to the Government's decision, will take place even in greater number next year.
