STORY COVERED: INTERVIEW WITH Mr. M. Blundell, leader of European Elected Members

PLACE OF EVENT: NAIROBI, Kenya

DATE: 11.3.54

REMARKS: Exclusive

STOCK USED: 300 feet Plus X

Emulsion Number: 5251 384/15/9

The Story.

Following closely on the Colonial Secretary's announcement on the new Constitution for Kenya, an exclusive interview with Mr. Michael Blundell, leader of the European Elected Members, and probably Kenya's first Prime Minister-to-be was obtained.

Picture shows Mr. Blundell in his office in the new Parliament building, facing the camera and giving us his views on the present situation in Kenya.

This was recorded on tape and as the film loading for the 35mm cameras was in 100 foot lengths, the recording was done in three stages. There is a pause at the end of each 100 feet while the film was being changed. You will note both on the film and in the sound that after the first 20 seconds Mr. Blundell hesitated due to my disrupting him, and the whole thing was recommenced from then on and carried on without a hitch. I hope you have no difficulty in synchronizing the sound.

The recording was made at 7 1/2 inches per second.
