

ULM - 1100 YEARS FESTIVAL.

2-250201  
5/71.

The Bavarian city of Ulm celebrates its birthday. Just eleven hundred years ago, Ulm was born. From a village, it grew to a town, and from a town to a city - and a very important one at that. Now in its old-age it looks back over the years. A memory of long ago is the traditional Ulm sparrow.

Meet the Tailor of Ulm who tried to fly from the Cathedral roof with his home-made wings - and failed.

And now to the Fischerstechen - a tournament between the city's fishermen. Main event is the jousting contest.

Three things to bear in mind: don't lose your nerve, don't lose your balance - and never lose your head!
