NO TRANSFER FOR JOHN CHARLES.

With his wife Peggy and his six week old baby, Terence, John Charles, the Welsh International relaxes for a few moments before he, and the rest of the Leeds United team, meet Hibernian. Charles has been seeking a transfer from Leeds, perferably to Arsenal or Cardiff. An emergency meeting of the directors has been called to discuss this, and Trevor Morris, the Cardiff City Manager is there to talk business. But Charles (number five) learns his request has been turned down. Equally at home as centre half or centre forward, he shows the style that has brought Leeds offers of around the fifty thousand pound mark for his transfer.

Despite Charles' magnificent efforts, Leeds United go down to Hibernian. Charles the leading goal-scorer last season, hears from manager, Raich Carter, that the directors are unanimous in their decision. John Charles, who's just 22 years old, had been hailed as the outstanding player of his age, is keeping his name on the transfer list, just in case.
