NAVY ESCORTS HAILE SELASSIE.

Warships of Her Majesty's Mediterranean Fleet take part in intricate manoeuvres as they escort Emperor Haile Selassie of Ethiopia away from Malta. The Emperor called at the island during his journey to Britain where he is to make a state visit. The ships, which are under command of Admiral Earl Mountbatten, include the cruisers Glasgow and Bermuda, three Daring Class ships an aircraft carrier, six destroyers and frigates, and three submarines. The Emperor, known to his followers as the Lion of Judah watches from Gambia as the fleet manoeuvres astern.

H.M.S. Glasgow, flagship of Admiral Earl Mountbatten, steams past, leading the fleet in a final tribute to the Emperor.

On board H.M.S. Gambia, His Imperial Majesty continues his voyage to Britain.
