5/31.

BRUSSELS HUNGARIANS BEAT WEST BROM.

West Bromwich Albion, in striped shirts, meet Honved, the Hungarian team, in Brussels. The club game of the century as it's been called, gets away to a speedy start as Honved attack. The almost legendary Puskas receives and crashed it into the West Brom net.

West Brom, who've a reputation for not getting in their stride very quickly, are quite unruffled by the set-back, and are bent on a speedy revenge. Nicholls now to winger Griffin.

Griffin centres and a header forces Grosics to tip it over for a corner. Johnny Nicholls neatly back-heels, and it's one-all. A beautiful bit of work.

Puskas has it again, but the Albion players aren't afraid to tackle hard and often. What a fight these boys from the Black country are putting up, always on the attack, playing good solid football. Johnny Nicholls now to Ronnie Allen.

Allen shoots - and there's another. West Brom lead by two goals, to one, then Honved substitute their centre-forward without permission. At half-time the score's the same. Play resumes with West Brom still attacking. Then Allen teams up with Nicholls again, and Nicholls races through.

Three-one to the English now, but not for long. The Hungarians open their game up and give their wingers a chance. Csibor receives and bangs a hefty nail in West Brom's coffin.

Just one minute later, and Csibor does it again. And hardly has play resumed before right-winger Szeviak beats goalie Sanders with a scorcher! A fatal few minutes those. 4-3 to Honved, but West Brom haven't lost hope - or their pluck. They've had a tough and tiring fight, but they're still at it hammer and tongs.

Up go West Brom. Griffin shoots, but Grosics makes a brilliant save. In the closing minutes of the match, the Hungarians are well on top. Albion fight back, gamely, but there's little doubt about the superior team now.

Kecsis races in - and there's another. Honved, by five goals to three, have won the match. But Albion can go back full of pride - they did a great job.
