M.P.'S GIFT TO SIR WINSTON.

A book, covered in House of Commons green Leather, is to be one of the gifts presented to Sir Winston Churchill on his 80th birthday. It will contain the signatures of all his fellow members of Parliament. Lavishly decorated, it includes an illuminated tribute to the Premier.

The names of cabinet ministers are the first recorded, including Sir Anthony Eden's. Then, (following pages for ministers of cabinet rank not in the cabinet, and junior ministers) come leaders of the Opposition.

Mr. David Grenfell, the Member of Parliament for Gower, in Wales, adds his signature.

Now Mr. Frank McCaavy, Member of Parliament for Bradford, East and Chairman of the Executive of Members of Parliamentary Committee. Next Mr. Henry Price, Member of Parliament for Lewisham West. The Premier's 624 fellow-politicians make their personal tribute to the man, who, for so long, has helped to shape the nation's destinies.
