THE WAR OFFICE,
S.W.1.

15th March, 1955.

Dear Sir,

THE CONQUEROR TANK.

The first Conqueror Tanks for shipment to B4OR will leave on 21st March.

These are the first of a number which will undergo extensive troop trials in Germany during the coming year.

The Ministry of Supply have arranged a demonstration at The Fighting Vehicle Research and Development Establishment, Chobham, Surrey, on Thursday, 17th March, at approximately 3.15 p.m. An opportunity will be given at this demonstration for photographs to be taken of the tank on the move.

A train leaves Waterloo at 2.24 p.m. arriving Long Cross Halt at 3.5 p.m. The entrance to the Fighting Vehicle Research and Development Establishment is adjacent to the station and a guide will be available at the guardroom.

Yours faithfully,

John McCulloch

(John McCulloch)
Chief Press Officer.
