

ARMY'S NEW 65 TON TANK.

The Conqueror, Britain's new giant tank, joins the Army. The 65 ton colossus is demonstrated at the Fighting Vehicle Research Establishment at Chobham in Surrey. This is prior to the first of the Conquerors joining a unit in Germany. Much of the new tank is still top secret, and our cameras aren't allowed to film inside. Nevertheless, it is known that it can travel at 20 miles an hour, and has a crew of four.

The 39 ft long gun is believed to pack a hefty punch capable of knocking out any armoured vehicle. The Conqueror will serve alongside its hard-hitting colleague, the Centurion, with the British Army of the Rhine.
