

QUINTS

Weist-Fitzgerald

Celebrating their twelfth birthday are the world's only living quintuplets, the Diligentis --- Carlos --- Maria Esther --- Maria Fernanda --- Maria Christina --- and Franco.

The quints rarely get home to Buenos Aires together, and fun is the order of the day.

The quints attend different boarding schools. Their millionaire father avoids fanfare and keeps them separated to grow up like other youngsters. But on their birthday -- well, quints after all are pretty special people.
