

BIG FIGHT INTERVIEWS.

his challenger? Marciano's kept his world title. What does he think of

Marciano: "He's one of the best, the gamest and certainly was in there fighting all the way. I hit him with plenty of good punches, and he avoided quite a few, he is a top-notch challenger".

Reporter: "Was it your toughest fight?"

Marciano: "One of the toughest along with first Edward Charles fight".

Reporter: "What about the knock-out, Reekie, how did you feel after that - were you dazed?"

Marciano: "No I wasn't, I was up at the count of two, and I remembered just were my man was and went right after him..."

Reporter: "Rocky - Archie Moore has been quoted as saying he enjoyed the fight last night, what do you say to that?"

Marciano: "I understand that Archie made a statement that he'd rather be in a good losing fight than a bad winning fight". "I don't know too much about enjoying it, I was very glad that I won the fight".....

Archie Moore, with his badly puffed right eye, is in striking contrast to the champion. For our camera interview he's in good spirits, but now wears dark glasses:

~~MOORE~~  
REPORTER: "Well, Archie you did a good job..."

Moore: "Dave, thanks a lot...and I'm satisfied with the fight and result, and result of the fight alright and the main thing that the public enjoyed a good spectacle"...
