DONALDSON -- Aarseth

Members of the Northwestern Ice Yachting Association held their annual winter regatta on Lake Geneva, Wisconsin.

With a good wind, fast ice and a sleek ship, the shivering skippers are soon sweeping around the triangular course.

The Dutch introduced the sport of ice boating in the eighteenth-century and the wind-driven crafts have topped one hundred fifty miles an hour.

Whether for records of fun, winter-time yachting is daring and dry.

~~At the Palace of Sports in Paris, Austria's Sissy Schwartz and Kurt Spelt dominate the pairs competition in the European Skating Championship. Blending grace and balance, the Austrian couple skates through a dazzling routine of precise jumps and turns.~~
