One of the largest Easter Eggs ever made will be presented to the GREAT ORMOND STREET HOSPITAL FOR SICK CHILDREN, on Thursday, March 29th.

Made by De Bry (de Paris) Ltd., famous for their Continental Hand-made Chocolates since 1880, the egg will be on show at the GOLDEN GATE RESTAURANT, at No. 2 Marble Arch (Lower Ground Floor) until it is handed over to the children at the Hospital.

### INGREDIENTS:

Into the making of the egg went:

More than 40 lbs. of the finest ingredients, including

Some 34 lbs. of chocolate (plain);

and 5 lbs. of marzipan for the decorations, which comprise

flowers, a replica of the Golden Gate and the words "Happy Easter."

### SIZE:

The egg stands more than 36" high and is nearly two feet in diameter. It weighs more than 40 lbs, although, of course, it is hollow. It is claimed to be the largest hand-made Easter Egg in London.

## EASTER GARDEN

### THE SYMBOLISM OF THE EASTER SEPULCHRE

**A**s you approach the Easter Sepulchre, you see first of all the Font, above which hovers the Holy Ghost portrayed as a dove: so the Christian approaches the mysteries of the Faith through the water of Baptism.

Then you enter a garden, shaded by trees and full of spring flowers, a place of quiet meditation: yet such a garden was chosen by God as the scene of the most cataclysmic event in history—the Resurrection of His Son from the Dead.

You see represented what the first witnesses described—the rock-hewn tomb, its door rolled back by the angel, and the graveclothes lying as they fell when the body of the Lord passed into the risen life from the wrappings of death.

Above the tomb rises the empty Cross, now seen to be the symbol of triumphant sacrifice. A chalice and paten stand at the foot of the Cross and upon a Bible, to remind us of a sacrament which was instituted like Baptism as a part of the Gospel itself, and through which we too may have personal experience of Christ's Risen Body. Behind the chalice an open Prayer Book suggests the Church's part in the ministry of Word and Sacrament.

The two angel-guardians indicate that the mighty events of Christ's Incarnation, Death and Resurrection are of concern to "Worlds Invisible," as well as being our hope and faith.

The words, "Why seek ye the living among the dead?", in the Gospel spoken by the angel, and here shown engraved on the rock, recall that the story of Easter is not merely an event in the past, but the most vital reality in our present experience.

## PRAYERS

O Gracious Lord, who as at this time didst raise Thy Son Jesus Christ from the grave : Raise us, we beseech Thee, from the death of sin unto the life of righteousness ; and make us true followers of him who has taken away the sins of the world ; who by His death has destroyed death, and by His rising to life again has restored to us everlasting life : who now liveth and reigneth, God for ever and ever.

*(Bp. Boyd Carpenter, after the Prayer Book.)*

Grant, O Lord, that, being buried with Christ by baptism into His death, we may also be made partakers of His resurrection ; so that, serving thee here in newness of life, we may finally, with the rest of Thy holy Church, be inheritors of thine everlasting kingdom ; through Jesus Christ our Lord.

*(New Prayer Book: Service of Public Baptism.)*

O Risen Lord Jesus,  
help us to rise with Thee  
to newness of life,  
and to live with Thee  
both now and for ever.

Dear Sir,

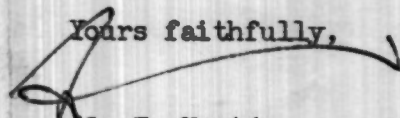

This Club will be holding a Sailing Regatta at Easter for four days on Teddington Reach and there will be racing for all the National Classes of dinghies. Racing takes place every day from 10 a.m. until about 6 p.m. with sailing virtually continuous throughout the day and there are usually approximately 60-100 boats afloat at any one time.

Tamesis Club is one of the oldest Sailing Clubs in the United Kingdom and this Easter Regatta is regarded as the opening event of the Royal Yachting Association Small Boat Sailing Season each year to which competitors come from all over the country. Last year there were over 900 starters who came from 23 clubs and there was therefore very considerable activity going on all the time, not only on the water but also on the Club premises.

We should be most happy to welcome your photographer if you should wish to arrange for one to visit us and I should be glad to provide any facilities he may require.

Perhaps you would care to advise us which day your cameraman would visit us so that I can make appropriate arrangements.

Yours faithfully,

  
L. F. Hartje  
Hon. Sailing Secretary
