

MOLLET IN MOSCOW.

The first French premier to visit Russia since the war, Guy Mollet confers with Bulganin and Khrushchev. Foreign minister Christian Pineau is here, too. Part of their programme is a visit to a Moscow exhibition of French books.

The French Embassy is the scene of some of the most important discussions in which Malotov also takes part. Like the recent Anglo-Soviet talks in London, their object is to remove misunderstandings - and the joint communique signed at the end of the talks shows that progress has been made towards clearing up differences between the two nations.
