Dear Mrs. Shearer,

S.S. "Nevasa" - Troopship.

We have to advise that the B.I. Company's Troopship will be running her trials on the Clyde on Wednesday the 11th. July. This vessel is the biggest KMT troopship that has been built by Messrs. Barclay Curle & Co. for the Company, and will be leaving the Clyde on the 12th. July for Southampton, where she will remain until the 27th. July, when she embarks troops on her maiden voyage.

If any facilities are required for filming on board at Southampton, please advise us.

OK. ✓

Yours faithfully,

E.M. Smith
