COMPLETE DESCRIPTION OF SCENES

XXX The roll punched marked two, is the departure of the Aircraft carrier **Bulwark**, and Egyptian sailors around Portsmouth, democracy at it's best, no interference....

The other material is divided into two episodes, the arrival of the 16th Independent Air Brigade at Portsmouth station, and marching to the docks, the embarking and the final departure of the aircraft carrier **Theseus** from various angles.....

The departure of the Aircraft carrier **Bulwark**, not much I can say about this, other than the shots shown, at the bottom of the gangway Engineer **Mech Bruce Simpson** with family...

This material can be identified by the first shot, showing the name of the ship...

.....

Two local papers attached herewith. for ourselves & Pathe...

.....

In view of the fact, that the situation, could lead to war, I think rightly or otherwise, to make this a cheese cake story, as per the Daily Sketch, with slosh about kissing, is entirely wrong.... so I shot the minimum on this sort of material....

There is a couple of shots or so, of a S. Major of the Airbourne Division saying farewell to his wife & children....

All companies I.T.N. & B.B.C. tele
