STOCK-CAR RACES REOPENING
Exclusive
Positive developed: 17 meters - 60 ft

In the Motor-Stadium at Montreuil near Paris, built in a ring at the foot of the Montreuil Moto-cross track rough track, yesterday 22 stock-cars fought it out for the Re-opening of the Season challenge.

This competition is fought in 4 contests, and a last one for the remaining qualified cars... and drivers if any..

4 are qualified at each contest, and 6 at the last one, 22 are in the finish event on 30 laps of the round track.

Only five arrived in the finish line, in a rather bad condition... but N° 83, AUMONT, managed to get the prize..

The track often looks as any of the highways around Paris on a day of Parisian returning from their vacation...
