Richmond,
Surrey.

28th February, 1956.

Dear Sir,

We were interested to read that you have been commissioned to paint twin portraits of the Queen and Duke of Edinburgh to flank the Speaker's chair in the Canadian Parliament at Alberta, and we would like to have an opportunity of taking a short newsreel film showing you at work in your studio, with your wife and children, similar to that which appeared in the Evening News.

If you are agreeable will you be kind enough to telephone me at Gerrard 4314?

We would like our cameraman to call upon you as early as possible - either tomorrow (Wednesday) or Thursday, if convenient to you.

Thanking you,

Yours faithfully,
