

FUNERAL OF PRINCESS MARIE LOUISE.

When Princess Marie Louise is laid to rest at Windsor Castle, a chapter is closed in the story of Britain's Royal Family. Last surviving grandchild of Queen Victoria, the 84 year old Princess spent her childhood in the Queen's immediate family circle. Her death is mourned by all who knew her, for throughout her life she was a woman of wit and intelligence, whose lively and inquiring mind would have brought her into prominence, irrespective of Royal birth.

Among the mourners are Mr. C.J. Latta, and his wife. To Windsor Castle also came people from every walk of life, to whom Princess Marie Louise was a symbol of all that was best in a vanished age.

Mr. and Mrs. Latta were among those who were privileged to be close friends of the late Princess. By her passing is severed the last personal link with the court of a Queen who gave her name to an era - and living memory becomes history.
