CHICAGO RAID
HITS SLOTS JACKPOT!

Chicago opens an all-out drive on slot machines. Armed guards stand by as the first load of the one-armed bandits is brought to police headquarters.

Scores of slots are rounded up in this one raid - most of them confiscated from private clubs.

Cook County Sheriff Lohman, who staged the drive, estimates the machines' take for the racketeers in the hundreds of thousands per year. But if the sheriff can take the slots away from the players, it's another thing to keep the players away from the slots.
