THE BELLS RING AGAIN

Canon A.S. Giles, Chaplain-in-Chief of the R.A.F., presides at the naming and dedication of the new bells of St. Clement Danes in the strand. Adopted by the Air Force as their "Family Church", and due to reopen next year, the R.A.F.'s 40th anniversary, this historic Wren building is being carefully reconstructed, healing the scars of the bombs which shattered it in 1941 - and silenced the old bells forever. Canon Giles asks the blessing of God on the new Bells of St. Clements.

Chief of Air Staff Sir Dermot Boyle names the great tenor bell.
