

THE HULBERT'S CLEAN UP:

Beggar Regis has a new launderette, run by some very familiar characters - the Hulbert family. Cicely Courtneidge is first on the scene on opening day, with Husband Jack Hulbert close behind - and to judge by the public interest, there aren't going to be many empty machines! But hold on a minute - Cicely's making a speech:

Brothers Claud and Jack have their eyes glued to the windows and once you let yourself be hypnotised by those whirling sauls, there's no telling what you may see. Probably some strange images from deep down in your subconscious mind!
