

SENSATION AT  
RACKETS PROBE!

In Washington, the Senate Rackets Probe receives convicted extortionist Johnny Dio, on parole from prison so he can appear as a witness. He invokes the 5th Amendment 140 times - and if that's not sufficient news, earlier he made equally sensational headlines. It happened when Dio made a brief morning appearance at the hearing room, then left when photographers and reporters clustered around him. Down hallways and around pillars he went, always tailed by men whose job it is to get the pictures which help report news events. Now watch closely - you'll see Dio slug a photographer.

Here's the photographer who caught the roundhouse punch on his left ear.

Sensation upon sensation at the Rackets Probe in Washington.
