Dear Sir Alliot,

We were very interested to read in last Sunday's "Dispatch" an account of the Avle Bicar motor-scooter, which you have invented, and hope that you will grant us permission to take a short cinematograph film of the car, for inclusion in our newsreel.

We do hope that you will be able to accede to this request, and that you yourself will be present for the filming.

As you probably know, our newsreel is shown at all Associated British Cinemas, and distributed throughout the world, so that the publicity achieved would be enormous.

May we please look forward to hearing from you ?

Yours faithfully,
ASSOCIATED BRITISH-PATHE LIMITED.
