HOLIDAY FOR BLITZ KIDS:

Twenty young men and women, who as children were injured in the London blitz, leave on a very special holiday. L.C.C. Chairman, Mr. R. McKinnon Wood presides at a ceremonial send-off at County Hall. The former "blitz kids" are on their way to Copenhagen, where for a fortnight they will be the guests of the Danish capital. The visit is a result of the Queen's tour of Denmark; while she was there the people of Copenhagen, through their Mayor, issued the invitation to 20 young blitz victims. The hospitable Danes have promised to show them the town - so they're in for a holiday they'll remember for years to come!
