Racing on the Ice

The event of the season at the Austrian holiday resort Zell am See are the annual races on the frozen lake.

Thousands of fans and a number of prominent guests witnessed thrilling races on the ice.

The general conditions were excellent and the fresh snow on the track ^{1,975 yds} made high speeds possible. The sledge- and ski-joring races on the ~~1.500~~ metres course were a grand opportunity for the keen young and old drivers and skiers. The event of the day was the Dr. Porsche Memorial Race which was won by the rugged alpine-bred horse "Resch".
