A LITTLE GIRL  
ENTERTAINS AT TEE!

Meet Linda Lewis, six year old daughter of trick shot specialist Chuck Lewis. But Pop can't show Linda much about hitting a golf ball. She's the youngest pro in the world. A mighty mite with a mashie.

Plain, or fancy, she never misses.

The average duffer spends a lifetime at the game and can't do this,

Linda really has something on the ball. And just to show Pop's confidence in his sharpshooting daughter, he takes the tee in his mouth. Linda had better not miss. A girl who takes no lip from Dad.
