

JEHOVAH WITNESSES HOLD CONVENTION:

180,000 Jehovah Witnesses took over the Yankee Stadium and nearby Polo Ground for their International Assembly. More than 70,000 meals an hour were served three times a day, so great was the attendance. They came from all over the world; every race was represented. They believe this age will be destroyed any time now, but those who repent will be saved. Recruits to the rapidly growing faith were baptised en masse: Total immersion, as in biblical times.

A great assembly of people witnessing to their faith.
