Was there anything unusual about the story?
 If you were assessing it editorially, what would you say?

Since the last Show there has been a number of additions to the range of forward control lorries and vans with their greater load space and their especial suitability to traffic congested areas.

The new regulations concerning p.s.v.'s on country services has prompted a higher call for models of that kind, while in the heavy class there has been an increasing demand for double deckers with front entrances.

BUS SUSPENDED IN AIR. (and Develop airride) 369
