#### MILE RECORD ON BOARDS!

Knights of Columbus games in New York City. The gun sends 'em away in the mile for another world-record-breaking event in the East's most spectacular indoor track season.

Peter Close of St. John's. Houston University's Barrie Almond. Ireland's Ron Delany, unbeaten in 37 indoor starts, and Hungary's Istvan Rossavolgy. Now watch the fireworks as Almond goes after the lead. That cues Hungary's Rossavolgy who shoots out like a jet with Ron Delany right after him!

It turns into a two-man race. Delany chasing the Hungarian who is setting a blistering pace. Delany's winning streak seems doomed.

Now the Irish champ answers the challenge with everything he's got in the final drive for the tape, to win it in the last two strides! Time: Four minutes, one and four-tenths seconds. A new world indoor record.

Another great triumph for 23-year-old Ron Delany...the Milin' Irishman!
