Dear Sir,

The "Honeymoon Island" of Jersey will welcome over 500 honeymoon couples this week.

And on the evening of Thursday, April 2nd, more than 750 couples are expected to attend the third annual Honeymoon Ball at the West Park Pavilion in St. Helier.

The ball is given by the States of Jersey government to welcome some of the many hundreds of honeymooners who flock to the island at this time of the year. Every couple will receive a memento of their honeymoon in Jersey.

If you are interested in sending a member of your staff to this event, or if there is any further information you require, do not hesitate to let me know.

Yours sincerely,

A. H. McNeice
