WATER RACERS

In the rough waters off Messina is being competed the European title of racers 800.

The holder LIBORIO GUIDOTTI has kept his crown, driving back the bitter assaults of GARATTI and SPAGNOLI.

This latter, especially, was bold and aggressive and impelled the Milanese champion to squander all the resources of his class, experience and the endowments of valiancy and coolness.

When even SPAGNOLI was satisfied, beating the big opponent in the last "manche", GUIDOTTI had already won the other two and held the title.

The European champion was a master in the buoy turning, and gained a few precious minutes.

GUIDOTTI is confirmed as an ace; SPAGNOLI is tomorrow's ace.
