

ROUGH RIDERS BUMP FOR CUP.

44 crack riders got away in a mass start for the National Inter-Centre Scramble Championship. They had to race twice; ten laps each time of the Shrubland Park course near Ipswich. The lap measured a mile-and-four-fifths. Eleven centres competed. Only one thing was in the riders' favour: dry weather. Imagine this course when it's muddy. The Daily Herald sponsored the meeting.

Each centre was represented by four men, all of them old hands at this motocross business. Believe it or not, they do it for pleasure.

All but about half a dozen of the machines were 500 c.c. plenty of power necessary in this game; but heavy to handle on this sort of track.

Don Rickman on a 500cc Metzse was the hero of Southern Centre. In fact he was probably the most brilliant man in the whole contest. First home, he made sure that Southern won the championship, and the Daily Herald Trophy.

Triumph for Don Rickman and his Southern team mates.
