

CHIMP DE LIONS' MANNY.

Flora is the prize mother of the Spiney Circus. She's just had her 15th litter - all girls. That makes a total of 70 babies she's had, and never claimed a penny in child endowment. That's enough to make any mother look sad.

Worth fifty pounds each, the new arrivals get every care. So the first need is a good nanny. And who better than Dassy the Ourang Atang. He's a beginner, so excuse his way of finding out if it's the right temperature.

Well, a nurse has to know these things, if he's going to do the job properly.

Dassy's got a big surprise coming: He'll be amazed how those babies grow.
