CAR GRINDER...

35 mm. developed positive : 62 meters - 207 ft

How to get rid of old cars ? A new expeditive way has just been put into operation in the busy suburb of GENNEVILLIERS 10 kilometers north of Paris.

After stripping old cars of anything that could be of use, burning the remaining upholstery... the car is taken as a mere matchbox into a giant press... and in less than 2 minutes when the crusher is re-opened you just find at the other end a neat little square bundle.... that's your car.

Old cars in packages are easily taken to the steel mills and melted ...
