STEYNLAAN 5 - HILVERSUM (HOLLAND)

S K E L T E R S . -

First youth-club for self-built motorized soap-boxes called "skelters" hold races in Helmond.

Often old, but sometimes also new moped-engines are built in. They have little wheels and the building-construction is low; upsetting in the turns is hardly possible.

These new cars are called "skelters". Their speed can rise till 40 km an hour.

Sometimes a young racing motorist stays behind.

The tension is palpable.

Who is the winner???

Who has the best skelter?????
