

RHEE MAY END CAREER.

Seoul; capital of Southern Korea. Riots on the scale of . revolution. More was to follow, but it already looked like the end of the road for President Syngman Rhee. In earlier rioting, police killed 130 people, wounded close on a thousand. That only incensed the population. By now, 30,000 risked battle with the police. Not even a tyrant like Rhee could go on ruling in fact of this.

This time the police were again too much for the people, but later, when half-a-million made a mass revolt, President Rhee said he'd resign, and agreed to hold the election again. It seemed like victory for justice in South Korea.
