11-YEAR-OLD LATVIAN BOY BECOMES ICEM'S MILLIONTH

During the works of the Congress of the Intergovernmental Committee for European Migration (ICEM) taking place in Naples with the participation of 29 nations' delegates, we met actress Jane Russel as the godmother of the 11 year old boy Andrejs Suritis.

This boy is the millionth European migrant to sail overseas, thanks to ICEM's assistance.

This ceremony is a part of the program of ICEM's policy. The young refugee Andrejs is one of the many victims of the war horrors. He was born in a German War Prisoner Camp since his parents abandoned their Latvian country, occupied by Russians.

Andrejs Suritis is headed with his father, Alexander, for Kalamazzo, Mich, in U.S.A.; WHERE HIS MOTHER AND TWO YOUNGER BROTHERS preceded them last December.
