

MR. KENNEDY MEETS IKE.

The next Presidency cast more than a shadow before it when Mr. Eisenhower came outside to welcome to the White House the man who will succeed him. Mr. Kennedy wasn't coming for a premature take-over, but to hear from his courteous host all the things it's essential for him to know before he takes office in January. Americans have never forgotten the enormous difficulties encountered by Mr. Truman after the death of President Roosevelt. That was unavoidable but Ike is making sure that Mr. Kennedy faces no unnecessary handicap.
