

Animals too celebrate Christmas

Exclusive,

35 mm. developed positive: 52 meters - 172 ft.

Animals too have their Christmas celebration... at least in the home of Mr. Lessourd, who has made a home for his pet animals, and taught them good manners. All of them living in good friendship, have learnt wordly manners, and seem to enjoy it...

Mr. Lessourd who loves animals of all breeds, has adopted several cats, several dogs, swans, donkeys, horses, a parrot, and also his pet chimp...

But the old, and famous dog REX, (famous because he has had leading parts in nearly a hundred feature films) knows everyone, and how to be polite with his friend. First greeting a statue of a poodle which stands in front of Mr. Lessourd's garden in a village near Paris, he opens the gate all by himself and goes his round saying in his own manner, good day to his friends the donkey, the horse, the swans, the goat, bringing them his greetings on the occasion of Christmas... these friends living outdoors will have an extra portion of their taste fodder, but inside the house, there will be a real celebration.

The cats, the other smaller dogs, the chimp, and the parrot are to-day the guests of their Master, and they are having a real Christmas cake, in the most civilized manners, with champagne. Everybody knows how to handle their food, and the chimp appreciates Champagne... while the others like their cake.

A little music for all, afterwards... the artist is of course the chimp... but the small white poodle appreciates it.. Then they all appreciate the artistic touch of the chimp who paints the portrait of his friend the parrot... Let us taste also the paint... good!

After work and to close this celebration, a smoke!

A true Christmas party, enjoyed by a friendly family!
