Dear Sir,

Here is a West German Corporation
Helping to discredit the Nazi Myth.

The Town Council of Stuttgart is about to publish a
book which is dedicated to the fate of its Jewish
population under the Nazi Regime.

The organization have purchased, for two
thousand DM , a series of twenty Lino-cuts by
Hermann Fechenbach , on the happenings in Nazi Germany
and England from 1933 to 1944 , expressing the experience
of the artist at this time , which have now become
documentary.

If you are interested , copies and also the
correspondence with the Mayor of Stuttgart , can be
viewed in St. Paul's Studio at the above address.
