

RAG AND RUGBY

The Hospitals' Final (at Richmond this year) isn't just a Rugby occasion; there has to be a rag first; and the students of St. Mary's and St. Thomas's didn't let the old custom down.

Reinforcements for St. Thomas's, by vintage taxi.

Unfortunately a few black eyes were not the only casualties. There was a real accident, when the taxi ran over two students. One appeared to be badly hurt. He was lucky to get off with no more than a broken left arm. That put an end to the rag.

Then came the main business of the afternoon, the Hospitals' Rugby Final. St. Mary's failed to score, and St. Thomas's won by 10 points to nil. Incidentally, the 16th time this hospital has won the Cup.
