SILVERSTONE: GRAHAM HILL TRIUMPHS

62/40

John Surtees, former motor cycle champion, now an ace car race-r. Jim Clark, also seeking fame in this field. And Graham Hill, maybe world champion someday. Driving a Cooper, Bruce McLaren.

Innes Ireland, a great success last season. The big race today the 14th International trophy. And away they go.

The race is run over 52 laps, of the Silverstone course, about 152 miles.

John Surtees, Lola, overtaking Chamberlain.

Bruce McLaren going well in his Cooper.

Two unlucky ones, already out to grass.

Jim Clark, led nearly all the way.

Close in pursuit of Clark now, Graham Hill. Hill forced his BRM to the front, to win the race at 99.7 miles an hour.

Raymond Mays' long faith in the BRM, justified up to the hilt. A great day for Graham Hill (left), hard luck for Jim Clark.
