

"TWIST FESTIVAL"

From May 2nd to the 12th, has been held in Milan the Twist Festival, with the participation of many of the most important representatives of Italian song.

The policemen did not succeed to stop the crowd pressing the Hall of the Palace of the Sport, where the show took place. The enthusiasm of the fans was enormous.

First of all, we see here Pino Donaggio, singing "The girl of the pull-over".

But the "king" of the show was, as usual, Adriano Celentano, called "the emperor of the twist".

Then, after him, a very young singer, Ann Neris, only 15-years-old. The Festival has been very successful.
