Story: The Advance Party of Successful Everest Expedition arrives in Kathmandu (Nepal). Col Sir John Hunt is joined by Lady Hunt.

Length: 350 Feet.

Location: Kathmandu. (Nepal)

The advance party of successful British Expedition returned to Kathmandu. The party consists of Sir John Hunt (Leader), Mr. Beardillon and Mr. Gregory the Oxygen expert. Arriving in Kathmandu, Sir John said the secret of success was the perfect team spirit in the members of the expedition. He said they climbed over the shoulders of other climbers. He spoke high about the experience gained from the other expeditions.

On Monday Lady Hunt arrived in Kathmandu. She was flying from England. While she expected to receive her husband, it was a matter of surprise when Sir John came to receive her at Gauchar Airport. Sir John had arrived one day ahead of schedule and Lady Hunt was already 24 late due to delay in the flight.

On Tuesday Sir John presented a carpet cushion to the Indian Post Master of the Indian Legation Embassy Post Office for the assistance rendered by him in sending messages to London. This post office is the only link with the outside world.

The King of Nepal has already announced an award conferring the title of "King of Tigers" on Sherpa Tenzing who along with Hillary conquered the mount Everest. Hillary and Tenzing with other members of the expedition are expected in Kathmandu on the 20th. The people of Nepal are making brisk preparation to receive their national hero and welcome Hillary and others.
