U.S. POLO

We're at Meadowbrook, Long Island, as two championship teams meet in open polo struggle. Inspired by the brilliant playing of their captain No.3. the home team hold the invaders on even terms. To the surprise of the great crowd the visitors break through the home defence and score. The home team counter-attack desperately and hard riding continues. One of them is down but not for long. The home team scores, a hard shot by their skipper. But superior ponies and matchless teamwork by the visitors are not to be denied, a beautiful shot gives the visitors a well-earned victory.
