

SENSIBLE BUYING - TRAILER

In October, twenty new clothing coupons became available for spending. Now, don't rush out and spend them straight away, look over the clothes you've got, see if they won't last a little longer, or see if they can be altered to present day needs. Clean, mend, what you want depends on your job, but with good strong clothes you can't go wrong. So save your coupons for an emergency. Don't buy flimsy clothes, if you've made up your mind you must buy something choose that garment carefully, and for all purposes. Buy to last and for all weathers. Don't buy unless it's vital, then buy for service.
